SENDAI FRAMEWORK

FOR DISASTER RISK REDUCTION 2015-2030

2021 WTAD Highlights

- Major events in New York, Asia Pacific, Africa and the Caribbean
- World Tsunami Awareness Day campaign had 194 million impressions
- Videos inc on Facebook about Japan using virtual reality to train children. It generated 1.1 million views, and over 54,000 reactions and shares.
- #TsunamiDay was used by nearly 3,400 accounts including @UN and @UNESCO and mentioned by almost 6,000 times.

2022 WTAD Theme

Global target G:
Substantially increase
the availability of and
access to multi-hazard
early warning systems
and disaster risk
information and
assessments to the
people by 2030.

Sendai FW target G: multi-hazard early warning systems

Global target G: Substantially increase the availability of and access to multi-hazard early warning systems and disaster risk information and assessments to the people by 2030.

G-1 (compound G2-G5)	Number of countries that have multi-hazard early warning systems.
G-2	Number of countries that have multi-hazard monitoring and forecasting systems.
G-3	Number of people per 100,000 that are covered by early warning information through local governments or through national dissemination mechanisms.
G-4	Percentage of local governments having a plan to act on early warnings.
G-5	Number of countries that have accessible, understandable, usable and relevant disaster risk information and assessment available to the people at the national and local levels.
G-6	Percentage of population exposed to or at risk from disasters protected through pre-emptive evacuation following early warning.

Member States in a position to do so are encouraged to provide information on the number of evacuated people.

2022 Calendar

**WORLD
TSUNAMI
AWARENESS
5 NOVEMBER DAY**

- World Meteorological Day 23 March 2022
- Global Platform for Disaster Risk Reduction, Bali Indonesia
- United Nations Ocean Conference 27 June to 1 July 2022
- International Day for Disaster Risk Reduction 13 October 2022
- **World Tsunami Awareness Day 5 November 2022**
- Words into Action Call for Good Practices and Lessons Learned on Early Warning Systems with focus on Multi-hazards 28 February

The Four Objectives for 2022 WTAD

1.PROMOTE: good practice on increasing the availability of access to **multi-hazard early warning systems** to reduce tsunami risk in line with Target (g) of the Sendai Framework;

2.ADVOCATE: follow on the advocacy of IOC-UNESCO Tsunami Ready programme across the four regions, Indian Ocean, Pacific Ocean, Caribbean, North-East Atlantic, Mediterranean and Connecting Seas as a key element of the UN Ocean Decade;

3.RECOGNISE: focus on communities which are increasing access to **multi-hazard early warning systems** and raising public awareness through schools, museums, and other communication channels;

4.CAMPAIGN: launch WTAD campaign focusing on Sendai Framework Target (g), encouraging improved access to **multi-hazard early warning systems**, with a focus on tsunami and ocean-related risk, linking with the UN Ocean Decade.
