Observing System

Save the date: 1st GOOS National Focal Point Forum

 Online

 25 October 2023 | 11:00 - 14:00 UTC

The first 'all hands on deck' GOOS National Focal Point (NFP) Forum will be an opportunity to establish two-way communication between GOOS and the NFPs, and between GOOS NFPs.

We will discuss the NFP role and interact around national ocean observing initiatives and priorities, communications and reporting, as well as GOOS NFPs and the UN Ocean Decade.

More information about the NFP Forum will be available on the [meeting website](#). To participate in the meeting, please register [here](#).
