

## Exercise Hawaii Wave 2023 (EHW-23)

1. The scenario is from the Pacific
2. There will be Three (3) countries conducting the same scenario. The Countries are:
  - A. Tonga, affected by Local Tsunami
  - B. Fiji, affected by Local Tsunami
  - C. Hawaii affected by Regional Tsunami
3. There will be Six (6) groups - Three (3) for TER and Three (3) for TWC.  
Each Group will have of 6 participants

Tonga	TER-A	TWC-A
Fiji	TER-B	TWC-B
Hawaii	TER-C	TWC-C
4. Each Group will follow an SOP based on the tsunami threat that is agreed by the group.  
The SOPs to be used are decided during the EHW-23 Preparation Session.
5. For EHW-23, we request one participant from each TER and TWC Group to volunteer their email address for use as the Communication Focal Point (CFP) for each Group
  - a. Email TER-A CFP:
  - b. Email TER-B CFP:
  - c. Email TER-C CFP:
  - d. Email TWC-A CFP:
  - e. Email TWC-B CFP:
  - f. Email TWC-C CFP:
6. The TWCs will receive tsunami information from PTWC by email.
7. The TWCs will follow the agreed SOP for their action.
8. The TERs will follow the agreed SOP for their action.
9. All communications should be done by email.  
All email communications should:
  - a. Use the email template for communication (to be shared).  
The template specifies  
TO, FROM, DATE/TIME, COMMUNICATION METHOD, SUBJECT, MESSAGE
  - b. CC the email of the controller: [ter1exercise@gmail.com](mailto:ter1exercise@gmail.com)Communications can inform (give out) information, receive (take in) information, or respond to inquiries or information requests  
Groups are in control of the timing of communications – when, to whom, and how  
Possible communications could be from
  - TSP to TWC,
  - TWC to TER and vice versa,
  - TWC or TER to customers (public, media, special needs groups, stakeholders, media, high government officials, etc) and vice versa.

10.
