

## **IOC-UNESCO DG ECHO COASTWAVE PROJECT MEETING**

### **Key Achievements, Challenges and Opportunities on the Implementation of CoastWAVE Project and Tsunami Ready Programme in NEAM Region**

#### **AGENDA AND THE TIMETABLE**

**Organized by:** IOC-UNESCO/ ICG-NEAMTWS, Tsunami Resilience Section

**Date and Time:** February 5, 2024, 9am – 5:45pm (Paris time)

**Location :** UNESCO HQ, 7 PI de Fontenoy, Room 9, Paris, France

#### **1. BACKGROUND**

The CoastWAVE project, funded by EU DG ECHO, officially kick started on 1 September 2021. Over the past two and a half years, our collective efforts have been dedicated to the implementation of the CoastWAVE project activities across three components: 1) Risk Perception and piloting Tsunami Ready communities; 2) Enhancing Detection and alerting systems; and 3) maintaining IDSL. From its inception phase, our mission has focused on coordination and building capacity between partners, national and local stakeholders while implementing TR within selected communities. The CoastWAVE project will be finalized on 30 June 2024. On this note, IOC UNESCO CoastWAVE project team is organizing a one-day meeting on 5<sup>th</sup> February to discuss about key achievements, challenges and future actions regarding the full implementation of the CoastWAVE project and Tsunami Ready Programme in NEAM region.

## **2. KEY OBJECTIVES**

The key objectives of this meeting are firstly, to discuss key achievements thus far; and secondly, to identify and propose solutions to key challenges encountered along the way. By engaging in an open and constructive dialogue, we aim to learn from both our accomplishments and challenges ensuring that our collective experience informs future initiatives. The workshop outcome will inform the ICG/NEAMTWS-XVIII session in the following days of the meeting.
