"BRIDGING HISTORY AND HORIZONS TOWARDS SUSTAINABLE RESILIENCE, ADAPTIVE, AND INCLUSIVE WORLD: COMMEMORATING 20 YEARS OF THE 2004 ACEH TSUNAMI"

We invite submissions for **the 16th Aceh International Workshop and Expo on Sustainable Tsunami Disaster Recovery (AIWEST-DR 2024)** with PIT-IABI under the theme of **"Bridging History and Horizons Towards Sustainable Resilience, Adaptive, and Inclusive World: Commemorating 20 years of the 2004 Aceh Tsunami"** and **"Two Decades After 2004 Indian Ocean Tsunami: Role of Science and Practice in Building Resilience"** Through these activities, the hope is to enhance public awareness of disaster risks, cultivating attitudes and skills among the community in managing the phases before, during, and after a disaster.

In commemorating the two decades since the mega-tsunami, scheduled for December 2024, USK, particularly the Disaster Mitigation Center (TDMRC-USK), will once again organize a series of activities designed to provide information and education to the community. Therefore we invite all researchers to participate in submitting your paper to further develop to help communities prepare for disasters mitigation.
